Application No.: 10/583,467

Docket No.: JCLA21175

REMARKSDrawings

The drawings are objected to as failure to comply with 37 CFR 1.83(a) because they do not show the uniform vertical division of the stacks as recited in claim 6.

Applicant has amended claim 6 to delete the phrase "wherein the stacks are uniformly divided vertically". Therefore, the objection is now moot.

Discussion of the claim rejection under 35 USC 112

The Office Action rejected claim 6 under 35 U.S.C. 112, 1st as failure to comply with the written description requirement, and under 2nd paragraph as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Applicant has amended claim 6 to delete the phrase "wherein the stacks are uniformly divided vertically". It is believed that claim 6, as currently amended, fully complies with the requirements of 35 USC 112.

Withdrawal of the rejections is requested. Allowance of claim 6 is solicited.

Allowable Subject Matter

The Examiner is thanked for allowing claims 1-5 and 7-8.
